

Material Safety Data Sheet

Product name	Sodium Hyaluronate1%(HD)
--------------	--------------------------

1. Product and company identification

1	product name	Sodium Hyaluronate1%(HD)
2	Recommended Use and Restrictions products	
	Recommended use of the product	Cosmetics
	Usage Restrictions	Only used for cosmetics
3	Product and company identification	
	MANUFACTURER'S NAME	GnB Bio Co., Ltd.
	Adress	1-611 Ace-dongbaektower16-25, Dongbaekjungang-ro 16beon-gil, Giheung-gu, Yongin-si, Gyeonggi-do, Korea
	Number	TEL : 70-4779-9887 FAX : 31-80607323
4	Date of use	2 years from date of manufacture

2. Hazards Identification

1	Hazard Risk Category	Skin corrosion / skin irritation: Category 2
2	Including precautionary statements	
	GHS label elements,	

Signal word

Hazardous Risk Phrases

warning

H315 It causes skin irritation.

P264 Wash hands thoroughly after handling.

P280 Protective gloves, protection, safety goggles, face protection Wear Gruul.

P302+P352 IF ON SKIN: Wash with plenty of soap and water.

P312 If you feel uncomfortable, call a poison center or physician.

P332+P313 If you feel uncomfortable, call a poison center or physician.

P362 Take off contaminated clothing and wash before re-use.

P363 Contaminated clothing before reuse Wash.

P410+P412 Avoid direct sunlight. Do not expose to temperatures above 50 °C.

P501 Dispose of containers in accordance with the contents set forth in the relevant legislation

Precautionary statements

3. Composition of ingredients

INCI NAME	CAS NO.	EINECS No. / ELINCS No.	content(%)
Water	7732-18-5	231-791-2	A
1,2-Hexanediol	6920-22-5	230-029-6	E
Sodium Hyaluronate	9067-32-7	-	E
Caprylyl Glycol	1117-86-8	214-254-7	G

A = 50 ~ 100 %	B = 25 ~ 50 %	C = 10 ~ 25 %	D = 5 ~ 10 %
E = 1 ~ 5 %	F = 0.1 ~ 1 %	G = 0.01 ~ 0.1 %	H = < 0.01 %

4. First Aid Measures

1	EYES	In case of contact, immediately flush eyes with plenty of water for at least 15 minutes and get medica attention if irritation persists.
2	SKIN	Immediately wash out with soap and running water.
3	Inhalation	No data
4	SWALLOW	Induce vomiting immediately. Get medical attention.
5	Precautions	Please clean according to the symptoms.

5. Fire Fighting Measures

1	EXTINGUISHING MEDIA	
	EXTINGUISHING MEDIA	foam,water spray,powder,carbon dioxide
	Unsuitable MEDIA	No data
2	Specific hazards arising from the chemical	No data
3	Fire-fighters should wear protective equipment	No data

6. Spill or leak procedures

1	The necessary precautions, protective equipment and the human body
---	--

Material Safety Data Sheet

2	Precautions to protect the environment	Wear appropriate personal protective equipment halgeot.
3	Methods for cleaning up	If it is possible to safely process, it will prevent further leakage or leakage Do not release to sewer, waterway or ground. It will remove the sources of ignition. Large spill: if it can be done without risk prevent spillage. It will sell a ditch around the spilled material if possible. It will cover the plastic sheet to prevent the spread. After vermiculite, such as the ratio of the sand or the soil in which the products absorbed by the flexible material must be collected in a container for subsequent processing. Small spill: adsorption material: wipe it (eg cloth, fleece (fleece)). Thoroughly clean the surface to remove residual contamination.

7. Handling and Storage

1	Handling	Please prepare adequate ventilation. Be careful when handling / storage.
2	Safe storage	It will be container tightly closed. Save a cool, dry place out of direct sunlight To avoid the coagulation Do not store more than 0 °C. Store in its original container. Now that contain water embraces Please note that there is a risk of corrosion during prolonged storage in metal containers. Do not place near flammable substances and ignition sources. Please Ensure good ventilation.

8. Exposure controls and personal protection

1	Chemical exposure limits and biological exposure standards, such as	No exposure limit for the component.
2	Appropriate engineering controls	Halgeot provide washing facilities equipment
3	Personal Protection	
	Respiratory Protection	In general, personal respiratory protection is not required.
	Eye Protection	Wear safety glasses (or goggles) to side with a face shield.
	Hand Protection	Wear protective gloves.
	Body Protection	Do not need special protection.
	Hygiene measures	Break before and after handling the product, wash your hands immediately.
		It will be handled in accordance with good industrial hygiene and safety.

9. Physical and chemical properties

1	Appearance (physical ecology, color, etc.)	
	shape	Liquid
	color	Colorless or transparent solution
2	smell	fragrance
3	Odor threshold	No data
4	pH	5.5 - 7.5
5	Melting / freezing point	Not applicable.
6	Boiling range	100°C (212°F) [Water]
7	flash point	Not applicable.
8	Evaporation rate	No data
9	Flammability (solid, gas)	No data
10	Explosion range of upper / lower limit	
	Lower flammability / explosive limits:	No data
	The upper limit of flammable / explosive range	No data
11	Vapor Pressure	3.2 kPa (25°C) [Water]
12	Solubility	Dispersion
13	Vapor Density	Not applicable.
14	Specific gravity	0.980 ~ 1.040 (25°C)
15	n- octanol / water partition coefficient	Not applicable.
16	Auto-ignition temperature	No data
17	Decomposition Temperature	No data
18	Viscosity	No data
19	Molecular Weight	No data

10. Stability and reactivity

1	Chemical stability and possibility of hazardous reactions	
	Stability	Under normal conditions stable.
	Possibility of hazardous reactions	Hazardous polymerisation does not occur.
2	Conditions to avoid (electro-static discharge, shock, vibration, etc.)	No data
3	Materials to avoid	Strong oxidizing agents.
4	Hazardous materials generated during decomposition	There is a possibility that the degradation product caused by the heating or combustion

11. Toxicological information

1	Information on the likely routes of exposure	
	Respiratory	Not applicable.
	oral-	No data
	Eye	No data

Material Safety Data Sheet

	Skin	No data
2	Health Hazard Information	
	Acute toxicity (based on all possible routes of exposure)	None known.
	Skin corrosion or irritation	No data
	Serious eye damage or irritation	No data
	Respiratory sensitization	No data
	Skin sensitization	No data
	Carcinogenic	No data
	Germ cell mutagenicity	No data
	Reproductive toxicity	No data
	Specific target organ toxicity (single exposure)	No data
	Specific target organ toxicity (repeated exposure)	No data
	Aspiration Hazard	No data
3	Other information	No data

12. Impact on the environment

1	Ecotoxicity	
	Hazardous to the aquatic environment, acute hazard	No data
2	Persistence and degradability	No data
3	Bioaccumulative	No data
4	Mobility	No data
5	Other adverse effects	No data

13. Disposal considerations

1	How to dispose	Incineration. Incineration silica powder is produced, so please incinerated in appropriate facilities. Another Wear necessary protective equipment such as dust masks. I will reach out to a licensed waste disposal contractor in accordance with the Waste Management Act..
2	Disposal considerations (Including the disposal of contaminated containers and packaging)	If specified in the Waste Management Act Please consider the notes set forth in the regulations.

14. Transport information

IATA	Not regulated as dangerous goods.
International Maritime Dangerous Goods(IMDG)	Not regulated as dangerous goods.

15. Regulatory information

1	Regulated by the Occupational Safety and Health Act	
	Prohibition of hazardous substances such as manufacturing	Not regulated.
	Hazardous substances subject to authorization	Not regulated.
	Management Harmful Substances	Not regulated.
	Special medical examination substance	Not regulated.
	Working environment measurement target material	Not regulated.
	Exposure limits set material	Not regulated.
2	Regulation by TCCA	
	Awareness materials	Not regulated.
	Handling of Prohibited Substances	Not regulated.
	Observational chemicals	Not regulated.
	Restricted substances	Not regulated.
	Toxic	Not regulated.
3	Dangerous Substance Safety Management Law	Not regulated.
4	Regulated by the Waste Management Act	
	Waste material that is equivalent to the machine of halogen	Not regulated.
	Hazardous Substances	Not regulated.
5	Regulation by other domestic and foreign law	
	Clean Air Conservation Act	Waiting hazardous substances Not regulated. Certain hazardous substances waiting Not regulated.
	Status List	National or regional Korea List Korea Existing Chemicals List (ECL) Listed list (YES/NO) YES
	* Yes indicates that compliance with inventory management requires that all components of this product are regulated by the government.	
	Additional Information	This safety data sheet is prepared in accordance with Article 41 Occupational Health and Safety Act.

16. Other information

1	Source of data	ACGIH EPA: Secure database NLM: Hazardous chemicals database US. IARC monograph of chemical exposure based on
---	----------------	---

Material Safety Data Sheet

		tactors Republic of Korea. Awareness materials (Presidential Decree No. 19203 Decree I.C.C.A) Dangerous Goods specified quantity (Presidential Decree No. 18 406 1 Dangerous Goods Safety Management Act asterisk) Republic of Korea. Prohibited hazardous substances (Presidential Decree No. 13053 Industrial Safety and Health Act Article 29) of the Republic of Korea, including manufacturing. Permit the manufacture or use of hazardous substances subject (Presidential Decree No. 13053 Industrial Safety and Health Act Article 30), the Republic of Korea. Toxic chemicals such as those which are not (Notice No. 1997-10 Revised National Institute of Environmental Research), Republic of Korea. Observation target chemicals (TCCL Minister Command Article 6), the Republic of Korea. Exposure standards of chemical and physical agents (1986-45 Labor Department revised the Notice) Republic of Korea. Handling of Prohibited Substances (TCCA Article 11), the Republic of Korea. Volatile organic compounds (Ministry of Environment Notice No. 2001-36, Revised March 8, 2001) Republic of Korea. Restricted substances (TCCA Article 11), the Republic of Korea. TCCA (TCCL), Existing Chemicals List (KECI) TCCA, Existing Chemical Substances List prior to 1997 the Republic of Korea. Toxic (TCCA Article 10), the Republic of Korea. Regulations on emissions survey and estimate coefficients of Chemicals (TCCA Article 14) March 26th, 2021
2	First Date	March 26th, 2021
3	Revision number and date of last revision	Not applicable.
4	Etc	No data
	Limitation of Liability	This document is represented chiyigo, not to show the value and assurance standards. Also it recommended that occupational safety and health measures and treatment methods that are to apply for the ordinary handling requirements described what is good bar food specific use and handling conditions please review determined that the appropriate information is recommended.
